SPIRITS

Two Drifters Distillery have created the world's first carbon-negative rum. They make versatile, well-rounded British rums whilst leaving as little impact on the planet as possible. Sapling Vodka have produced climate-positive vodka that plants trees, made with 100% British wheat. For every litre sold, a donation is made to our charity partner Not for Sale which plants two trees in the Amazon rainforest and takes victims out of danger of modern-day slavery. Nc'nean are an independent, organic whisky distillery on the west coast of Scotland, founded with a mission to create experimental spirits and pioneer sustainable production. Nc'nean are powered by 100% renewable energy and are the first distillery in the UK to be verified as having net zero carbon emissions for scopes 1 and 2
