🌱 Please note our selection of sustainable wines

Our selection of sustainable wines carry an array of global certifications that endorse the work these wineries are doing to address sustainability across their operations and production. We are also working closely with our partners Enotria & Co. and Glass Half Full to assess the sustainability practices at those wineries that are not certified. To support our work towards net zero, a percentage of sales are donated to reforestation projects run by our charity partners Not For Sale, who take those at risk out of danger of modern-day slavery
