## THE SPIRIT OF ARGENTINA

*Prepare to embark on a new world of flavour. This cocktail list has been designed using the latest mixology equipment and technology to extract maximum flavour from the raw ingredient to create an outstanding range of spirit-forward, mid-strength and no-alcohol serves.*

*Each drink conjures a taste of Latin America, using the spirits, liqueurs, tinctures and herbs enjoyed across the region. From the Margarita, enlivened and complemented with Gaucho's legendary chimichurri salt to The Alfajores – a ubiquitous biscuit reimagined in liquid form – a journey around this menu represents the drinking and eating culture of a continent.*

*All the cocktails you are about to imbibe are produced with sustainability in mind. We work with our restaurant kitchen to appropriate surplus ingredients, use leftover lemon husks to make the oil for the Wagyu Martini and skins from plums and pineapples are used to create delicious edible leather.*

*Use the Flavour Matrix on the opposing page to plan your adventure. If you're looking for something fresh, light, sweet, savoury, intense or delicate, there is something mixed or muddled to suit your taste.*

*Salud! Enjoy this tasting experience.*
